

Privacy Policy

This document "Privacy Policy" (hereinafter referred to as the "Policy") is the rules for the use of www.crypterra.in (hereinafter - "Administration") of Internet users data (hereinafter "User") collected using the site www.crypterra.in (hereinafter - " Site").

1. Processed data

1.1. We do not collect your personal data using the Site.

1.2. All data collected on the Site are provided and received in an impersonal form hereinafter - "Unallocated Data".

1.3. The impersonal data includes the following information, which does not allow you to identify:

1.3.1. The information that you provide about yourself using the online forms and program modules of the Site, including the name and phone number and / or e-mail address.

1.3.2. Data that is transmitted in an impersonal form in automatic mode, depending on the settings of the software you are using.

1.4. The Administration has the right to establish requirements for the composition of the User's impersonal data, which are collected using the Site.

1.5. If certain information is not marked as mandatory, its provision or disclosure is carried out by the User at its discretion. At the same time, you give informed consent to access to such data by an unlimited number of persons. These data become publicly available from the moment of provision and / or disclosure in another form.

1.6. The Administration does not verify the accuracy of the data provided and the User has the necessary consent for their processing in accordance with this Policy, believing that the User acts in good faith, carefully and makes every effort to maintain such information up-to-date and obtain all necessary consent for its use .

1.7. You understand and accept the possibility of using the software of third parties on the Site, as a result of which such persons may receive and transmit the data specified in clause 1.3 in an impersonal form.

Example! This third-party software includes systems for collecting statistics of visits to Google Analytics.

1.8. The composition and conditions for collecting impersonal data using third-party software are determined directly by their rightholders and may include:

- Browser data (type, version, cookie);
- Device data and location;
- Operating system data (type, version, screen resolution);
- Query data (time, source, IP address).

1.9. The Administration is not responsible for the procedure of using the User's anonymized data by third parties
